

Intesis™ Universal IR AC indoor unit compatibilities

In this document the compatible Air Conditioner **indoor units** models with the following Intesis™ AC interfaces are described: / *En este documento se describen las **unidades interiores** de Aire Acondicionado compatibles con las siguientes pasarelas Intesis™ para Aire Acondicionado:*

ORDER CODE	LEGACY ORDER CODE
INKNXUNI001I000	IS-IR-KNX-1I
INWMPUNI001I000	IS-IR-WMP-1

The compatible **models** are classified by geographic areas and they always refer to **indoor units**, not references of indoor plus outdoor units. / *Los **modelos** compatibles están clasificados por áreas geográficas y siempre se refieren a **unidades interiores**, no referencias a unidades interiores más exteriores.*

Any AC unit with a model number not specified in this list might not be compatible with the AC interface and therefore can't be used without previously checking the model compatibility, contact your supplier for this. / *Cualquier modelo de Aire Acondicionado que no esté en la lista puede no ser compatible con la pasarela y por tanto no puede utilizarse sin consultar la compatibilidad del modelo. Contacte con su proveedor para conseguir esta información*

Notes:

- Some of the functionalities of your remote controller might not be present in Intesis interface.
- Some of the functionalities at Intesis interface might not be present in your remote controller. To ensure they properly match, please check the corresponding user manual to adapt the Intesis functionality to your Indoor Unit.
- Some references listed on this document don't have the infrared receiver from factory. For these indoor units the infrared receiver optional needs to be installed prior to using the corresponding Intesis interface.
